

Certification No.	C0060
Certification date	2006-10-31
Name of TOE	Data Security Kit DA-SC03
Version of TOE	V1.01
TOE category	IT Product (data protection function in digital imaging system)
Supplier	Panasonic Communications Co., Ltd.
Contact	<p>Name: Shinichirou Inohara</p> <p>Division: Office Network Company Development Group</p> <p>Tel: +81-28-683-6664</p> <p>E-mail: inohara.shinichirou@jp.pnasonic.com</p>
Conformance claim	EAL2
PP conformance	None
Evaluation Facility	Japan Electronics & Information Technology Industries Association, Information Technology Security Center (JEITA ITSC)
Description of TOE	<p>The TOE is a software product to protect the used document data which had been already stored on the HDD (Hard Disk Drive) after being processed by the digital imaging system from being disclosed illicitly.</p> <p>To realize them, The TOE offers the function to overwrite for residual data and the function to delete the security information including set values of the unit.</p> <p>Moreover, the hard disk drive lock mechanism is used to prevent any information leak in case of removing and taking out the HDD illegally.</p> <p>The TOE is offered as an optional product of Panasonic Communications Co., Ltd. Digital Imaging System DP-2330 / 3030, and provides the security functions by replacing with the standard bundled software of the digital imaging system.</p>
