

## CCEVS APPROVED ASSURANCE CONTINUITY MAINTENANCE REPORT

### ASSURANCE CONTINUITY MAINTENANCE REPORT FOR

#### Lancope Stealth Watch NC and StealthWatch Xe Appliances containing StealthWatch V5.1.0 Software

**Maintenance Report Number: CCEVS-VR-04-0064b**

**Date of Activity:** 14 April 2006

**References:** Common Criteria document CCIMB-2004-02-009 "Assurance Continuity: CCRA Requirements", version 1.0, February 2004;

"Impact Analysis Report on changes to CC approved Lancope StealthWatch Appliance and StealthWatch + Terminator Appliance containing Version 3.3.0 – Build 4140 Software", version 1.0, 13 January 2006

**Documentation Updated:** (None required).

#### **Assurance Continuity Maintenance Report:**

The vendor for the StealthWatch Appliance, Lancope, Inc., submitted an Impact Analysis Report (IAR) to CCEVS for approval on 14 April 2006. The IAR is intended to satisfy requirements outlined in Common Criteria document CCIMB-2004-02-009, "Assurance Continuity: CCRA Requirements", version 1.0, February 2004. In accordance with those requirements, the IAR describes the changes made to the certified TOE, the evidence updated as a result of the changes and the security impact of the changes.

#### **Security Relevant Changes:**

The StealthWatch Appliance had successfully claimed compliance to version 1.4 of the IDS PP. The only change in this maintenance cycle is the PP claim being made.

Version 1.5 of the PP differs from version 1.4 only by broadening the scope of applicability. That is, anything that successfully meets version 1.4 will meet version 1.5. The differences in the two PP versions are itemized in the Errata Sheets, available through [http://niap.nist.gov/cc-scheme/pp/PP\\_IDSSYPP\\_V1.5.html](http://niap.nist.gov/cc-scheme/pp/PP_IDSSYPP_V1.5.html).

#### **Conclusion:**

Because of the nature of the changes of the PP, and because the applicable Precedent Decision ([PD-0097 Compliance with IDS System PP Export Requirements](#)) was addressed in the earlier evaluation, the TOE meets the newer version of the PP as well.
