NATIONAL INFORMATION ASSURANCE PARTNERSHIP

Common Criteria Certificate

is awarded to

Palo Alto Networks, Inc.

for

Palo Alto Networks Cortex XSOAR Server 6.14

The IT product identified in this certificate has been evaluated at an accredited testing laboratory using the Common Methodology for IT Security Evaluation (Version CC:2022) for conformance to the Common Criteria for IT Security Evaluation (Version CC:2022). This certificate applies only to the specific version and release of the product in its evaluated configuration. The product's functional and assurance security specifications are contained in its security target. The evaluation has been conducted in accordance with the provisions of the NIAP Common Criteria Evaluation and Validation Scheme and the conclusions of the testing laboratory in the evaluation technical report are consistent with the evidence adduced. This certificate is not an endorsement of the IT product by any agency of the U.S. Government and no warranty of the IT product is either expressed or implied.
